BRIEF SUMMARY

Computer Engineering student interested in Artificial Intelligence, Machine Learning, and data-driven technologies, actively building solutions through projects, internships, and hackathons. Participated in Smart India Hackathon (SIH) Internal Hackathon, developing "Zero Trace AI Data Wiping System," an AI-assisted solution for secure data deletion. Currently interning at Mohphret Technologies, contributing to an AI-based meeting and collaboration platform and working on AI and Full Stack development to improve application functionality and user experience. Completed certifications including ISRO courses, Tata GenAI Powered Data Analytics Job Simulation, and a Coursera course on Retrieval-Augmented Generation (RAG). Skilled in Python, Artificial Intelligence, Machine Learning, Data Analysis, and React, with experience in teamwork, hackathons, and solving real-world technical problems.

KEY EXPERTISE

Python Machine Learning Artificial Intelligence Data Analysis Natural Language Processing React.js Git & GitHub
Problem Solving Team Collaboration AI Model Development

INTERNSHIPS

MOHPHRET TECHNOLOGIES LLP IT / Computers - Software AI & Full Stack Developer Key Skills: Python (Flask) Next.js JavaScript MySQL Full Stack Development Machine Learning AI Node.js REST APIs Real-time Systems Git React PostgreSQL AI & Full Stack Development Intern – Mohphret Technologies LLP. Working on AI Connect, a real-time meeting and AI interview platform, contributing to frontend and backend development using React, Next.js, Node.js, and PostgreSQL with API integrations and real-time features.	01 Nov, 2025 - Present
Radhe Krishna WEB Solutions IT / Computers - Software Full Stack Developer Key Skills: MySQL Java Software Testing Web Development Debugging C Programming Bug Fixing Flask Git PHP Python HTML JavaScript CSS Full Stack Developer Intern – Radhe Krishna Web Solutions. Worked on debugging, bug fixing, and code optimization while developing and maintaining websites using Python, Flask, PHP, MySQL, HTML, CSS, and JavaScript, with exposure to backend development and software testing.	25 May, 2025 - 08 Aug, 2025

PROJECTS

AI Connect – Real-time Meeting & AI Interview Platform

01 Nov, 2025 - 28 Feb, 2026

Mentor: Ravikant Upadhyay | **Team Size:** 4

Key Skills:

React Next.js Node.js python Flask PostgreSQL AI Integration Full Stack Development WebRTC
Real-time Communication

Project Link: <https://github.com/saimapathankhan/Alconnect-01>

Worked on AI Connect, a real-time meeting and AI-powered interview platform similar to Google Meet. Contributed to frontend and backend development using React, Next.js, Node.js, Flask, and PostgreSQL.

AI Python Tutor – Interactive Python Learning & Debugging Platform

01 Dec, 2025 - 28 Dec, 2025

Mentor: Self Project | **Team Size:** 1

Key Skills:

Python HTML CSS Javascript Problem-Solving Debugging Web Development Gemini API AI Integration

Project Link: <https://github.com/saimapathankhan/python-tutor.git>

Developed AI Python Tutor, an AI-powered web application that helps beginners learn Python through coding practice and debugging, integrating Gemini API using HTML, CSS, JavaScript, and Python.

ASSESSMENTS / CERTIFICATIONS

Smart India Hackathon 2025 – Internal Hackathon Participation

Key Skills:

Problem Solving Hackathon Development AI Integration Cybersecurity Concepts Team Collaboration
Prototype Development Innovation

Participated in Smart India Hackathon 2025 and developed Zero Trace AI Data Wiping System, a prototype for secure data deletion using multi-pass overwriting and an AI-assisted interface to recommend data wiping methods.

Geodata Processing using Python and Machine Learning

Aggregate: 90 / 100

Key Skills: Python Machine Learning Geospatial Data Processing Remote Sensing Data Analysis GIS Concepts

Completed an online certification course conducted by the Indian Institute of Remote Sensing (IIRS), Indian Space Research Organisation (ISRO), Department of Space, Government of India.

SEMINARS / TRAININGS / WORKSHOPS

Professional Career Building Session

21 Feb, 2026 - 21 Feb, 2026

Institute Name: Tech For Need Club, D Y Patil International University

Key Skills: Career Development Professional Skills Industry Awareness Personal Branding DevOps Awareness

Participated in a Professional Career Building Session covering career development, DevOps concepts, and industry expectations in the technology field.
